“ *RIP Dorretta Brroks were my best friend and she will be missed. it wasn't a day go by that we text and talk on the phone, We were together in December out enjoying the Christmas trees decoration we took picture beneath the Christmas tree. She wanted to learn to crochet and she were a quick leaner every other day we get to gather and crochect. I'm gone to missed her so much. But Jesus call her home to be with him in heaven and i know she smiling. Believe it or not I talk with her in spirit and i know she there. I'm really gone to missed her she were my only friend I enjoyed being with her.*
